LAST PEALS FROM GUNS FAVOR ROBBINS

The last stretch of the primary campaign is on and many are speculating as to who will be winners in the various contests. In the Congressional fight there is little doubt but what Edward E. Robbins will come out with flying colors. Mr. Robbins has an excellent record of past service at this time and his superior fitness for the office stands out prominently before the people of the district. He is a man possessing the most admirable traits of character and is consistent in his business, professional and political life. As a congressman Mr. Robbins comes up to every expectation of the people and his services are needed in the party ranks at this time. He is a friend of all classes alike, and voters generally realize that it is time that men of his caliber take up the work of legislative matters. Mr. Robbins is a friend of the good roads movement and if nominated and elected he will be able to get this section valuable assistance in the many road projects now pending.

Mr. Robbins is a native of this section and has interests in Rostraver township of which Monessen was once a part, and he is one of the township's heaviest tax payers and the interests he has always manifested in this section makes him a home candidate. Every voter in the Monongahela valley and in Rostraver township should support Mr. Robbins and use influence to have him nominated at the primaries. He is a part of this community and if elected he will concentrate his energes for it's advancement as much as though he lived in Monessen. Another reason he should receive the solid support is that his law partner is borough solicitor and has been for a number of years. Mr. Wyant and Mr. Robbins have both given valuable counsel to the town and to the community and many times without compensation. They have been actively engaged in helping the many road projects hereabouts and at the present time are assisting to promote state and county roads in various parts of the township. If this service is appreciated by the people Mr. Robbins will get a solid vote tomorrow to demonstrate that people in this section are not unworthy of assistance in matters pertaining to their welfare. Cast your ballots for Robbins. The senatorial contest seems to be waxing warm with much speculating as to the outcome. The winner seems to be either D. C. Ogden or Chester D. Sensenich of Irwin. Both are putting up a hard fight and are stepping day and night in order to reach all the voters in the district. Jos. McCurdy is the third man in the race and his chances hardly seem equal with the other two candidates but all three have many warm friends through this section who are working to the interest of their man. The Assembly fight seems to have been sort of lost track of. There are six candidates in the second district and all have covered the field and are now awaiting the final results.

SHUCK'S EFFORTS MERIT RECOGNITION

C. L. Schuck of Monessen who is a candidate for the legislature should receive the solid support of his home town tomorrow at the primary election.

One of the prime objects of his candidacy at this particular time was to further public improvements now in prospect and to keep Monessen on the map commercially as well as publicly.

There is not, or never was, any idea of making his candidacy partisan in any respect. Being the only man from the entire south of the county in all the territory below the Pennsylvania railroad, it appears to be a logical support from a geographical standpoint, to say nothing of the personal element in his candidacy.

No one should be misled to lose sight of the immediate benefits to be derived from having a member in the delegation to Assembly from this county. Monessen should come first, the second town in the county, with a view of making it first in point of size and prestige.

Claiming that Dr. J. K. Burnite of South Brownsville fell short of his professional duties in setting two broken bones, Fanrk L. Moore has brought suit for $10,000 damages. Moore eventually had to have his injuries adjusted at a Pittsburgh hospital.

Parker's Fountain Pens, Monessen Pharmacy. 64-tf

Arrest of Lad For Jewel Theft

An interesting case in the local police court was the hearing of a young colored lad probably 16 years old, who had been haled before the bar of justice on a charge of petty robbery. A Monessen jeweler had for some time been missing various articles of value from the store and traps were set to catch the guilty party, which was accomplished Tuesday. The lad had been under suspicion for quite a time, but he seemed to cover up his work so well that detection seemed difficult. However, by some keen detective work a strong case was made out and the net drawn about him. A search located four watches and five rings, pawned and otherwise disposed of about Monessen and another batch of stuff was recovered in Charleroi where it had been pawned. After a hearing and the production of cold facts, pleas were made by friends in behalf of the boy on account of his age, etc., and after being given a good, plain, practical talking to by Burgess Reamer he was released on a promise to not repeat the offense no matter what the temptation.

MRS. HENRY IS COMING

On Monday, April 15, Mrs. Henry, a representative from the Pictorial Review Pattern Co., will be at our store. She will be pleased to meet with the ladies of Monessen to discuss and explain the merits of the celebrated Pictorial Review Patterns with them. We cordially invite you to call and meet her on Monday. A copy of the Monthly Fashion book free.

Church League To Soon Open

Both the schedule and grounds committees having completed their work in connection with the local Church League, it is expected that a meeting will be called for either Monday or Tuesday evenings at which time the reports will be adopted and the matter of formulating a constitution taken up. All of the different representatives have now been selected and the election of officers will probably be one of the matters attended to.

So far the grounds committee of which H. J. Bearer is chairman has reccommended that the old ball grounds at Elecric Park be fixed up and that the games be played there for the present. This is thought advisable owing to the many conflicting dates with the Page team and also because of a desire to have grounds to practice on. Permission, it is said, will be secured from the Carnegie Steel Co. officials and the work on the grading will start shortly.

According to the present schedule the Lutherans, last year's champs and the Baptists are to open the season on Tuesday evening May 5, followed on Thursday by the Presby and the Christians and on Friday by the Catholics and Methodists. Three games are to be played weekly and the holiday dates are to be given to the teams that did not open the season. The games will end August 9.

LET EVERYONE SEE IT

A French cook is in charge of the culinary department of the New York restaurant and that is why everybody should go there in order to give themselve the best, for the best is only where those who know how to make the best are.

A good maxim to follow is "Don't be a knocker, hide your little hammer and try to speak well of others and when a stranger drops in jolly him and tell him this is the greatest town on earth and don't discourage him by speaking of your neighbors in a disappointing, manner for that is no fun and it is not business that makes you get along in the world."

We serve the best meals in town; clean, quick and politely and serve them at reasonable prices, 20 cents for meals including 3 side dishes and bread, butter and coffee. Our dinner special is soup, order and three side dishes and coffee, milk or tea. Try us; you will come often and always. $3.50 meal tickets for $3.00. The New York restaurant, 464 Donner avenue. Don't forget we serve also the best Java coffee in Pennsylvania.

INSTITUTION OF HOME GUARDS SATURDAY

Deputy F. J. Davenport and Mrs. Davenport of McKeesport will on Saturday evening institute a local lodge of the "Home Guards" in Kelly's hall, with about 75 charter members. This is an organization of considerable strength throughout the United States and seems to have a very good record, being operated under the regulation insurance laws of the various states in which it works, and seems to possess some very good points along the line of life, accident and sick benefits. The initiatory work is said to be very fine and the charter opening here is being looked forward to as quite a social event. A luncheon will follow the iniatory work. Mr. and Mrs. Davenport have control of the entire Monongahela valley and will be working in this locality all summer.

A fine line sheep's wool sponges for house cleaning at Kirk's.

ATTENTION

First call for Monessen to get Modern Brick Buildings at a price that makes men do business—Our motto is, do good work and give a square deal every time. We designed and erected some of the first Brick Buildings that were built in Monessen, among them the Monongahela hotel, Reinhart building, Reeves building, and the Wilson building—After careful consideration we have decided to open an office in Monessen with the above aim in view. Will be at the Monongahela House, Monday and Tuesday, 15th and 16th. Will have about 75 plans of brick dwellings, business blocks, flats, duplex dwellings and bungalows.

Call or meet our architect and manager on above date—You will find him a live wire in the building business, especially brick buildings. We have been in business 28 years and are up to date in designing of brick buildings. We have a new method of building the same.

Come and meet us. First in will get the lowest prices.

The Modern Brick Building Company
Care Monongahela Hotel.

VISITING SINGERS FOR THE EISTEDDFOD

The Cambrian Literary Society of this place again comes to the front and local attention in addition to the attention of many hundreds of people from the surrounding towns will be centered on the Second Annual Eisteddfod to be given in the opera house tomorrow evening under the auspices of this choir of singers.

The contest for the different awards promises to be a keen one and handsome and valuable prizes have been provided for in the various events. Entries have been recorded from various sections of the country and large choirs are expected to be present from Braddock, McKeesport and Homestead. A special train leaving here for the city at 11:30 p. m. has been arranged for.

Locally the entrants are the Choral Union who will compete as a mixed Choir and as a Male Chorus. The Juvenile chorus is entered as one of the afternoon numbers and they are expected to take one of the leading prizes. Nothing is more sweet than the voice of a child and when a number of them are singing in unison it is worth going a long way to see or hear.

The admission charge for the afternoon performance, which is scheduled to begin at 2 o'clock will be 50 cents over the entire house. For the evening the prices will be 50 cents for general admission and 75 cents for a reserved seat. The ticket board has been placed in Beck's drug store and already the sale has been heavy and there is no doubt but that the opera house will be filled with music lovers when the time comes for the contest to begin.

Chas. Damyan of Fayette City broke away from Constable Eckman and was shot in the arm and is now in the McKeesport hospital. The officer shot at the ground and the ball hitting a stone glanced, hitting the man in the fleshy part of the arm.

DAILY INDEPENDENT

H. R Pore, Editor and Publishe
G. C. Diehl, General Manager

Advertising rates furnished on application

Only daily paper published in Westmoreland county in the upper section of the Monongahela valley.

The careless practice of many local store keepers in handling their waste paper, empty boxes and the general rubbish which usually accumulates about a place of business, is one to which the Independent has frequently directed attention and the ordinance governing the disposal of this waste is being grossly abused every day. Many permit their clerks to gather it up each morning and dispose of it the easiest way they can find, and usually it is carried armfuls across the street or to nearby vacant lots and there burned, regardless of the time of day prescribed by ordinance for such work. In most instances pieces of paper and paper boxes are dribbled or allowed to fall here and there along the street and never a thought given to picking them up to aid in keeping a clean and sightly street, or even to the danger of scaring horses and causing run-offs, damage to animals and vehicles and loss of life even, which has often happened.

This is no mares-nest, it is an undisputable condition. more particularly along Schoonmaker avenue where frequently appearances are disgraceful Only this week we cite an instance where paper was being burned on the lot near the opera house, during the middle of the day which is a violation —and so near to a pile of lumber taken from the burned La Forte candy store, that it caught fire and the fire department was called. Within only a very few feet of the fire is a shed in which is stored several barrels of gasoline which was also endangered. Too much care cannot be exercised in such matters, and it occures to us that a little revival of activities along this line by the authorities would not be amiss. A few practical reminders, as it were. We've known of the arresting and fining of women who thoughtlessly and ignorantly burned small amounts of paper in their door-yard a few moments after eight o'clock in the morning or a short while before six in the evening and no leniency shown. yet more flagrant cases are allowed to go unnoticed and unpunished. Much danger arises and much more annoyance to neighbors is caused by the disregard of this regulation. and now is just as good a time as any, and just a little the best, to enforce obedience to the ordinance and recognition of decency and respectable appearances for our town.

AND THEREBY HANGS A TALE

It is interesting to note the many tales that are being told by Monessen people with reference to "Who is Who."

Some people say it is a show coming, while others say they just know who that fellow is and it is curious to know that a number of good looking men of Monessen have been attacked by numerous people and accused of being the mysterious "Who is Who" who will appear in an altogther different form from what any one thinks as yet. Keep reading The Daily Independent and the tale of "Who is Who will soon be told.

STATES THE TRUTH

Richmond Hill, L. I.—Albert Porter, who has lived here for some time, believes that when a man in bad health finds something that is just what he needs, it is his duty to let the facts be known.

He says: "All winter I had a bad cold and a cough which I could not get rid of. I was badly run down besides. A short time ago I started using Vinol and my cough is gone now and I feel well in every way. This shows what Vinol will do for anyone in that condition and I strongly recommend it to everyone."

The reason Vinol, our delicious cod liver and iron preparation without oil, cured Mr. Porter is because it went directly to the seat of the trouble which was his weakened, rundown condition. It's curative, blood-enriching and strengthening properties built up his health and his cough disappeared as a natural result.

We guarantee that Vinol will do all we claim, and will pay back your money if Vinol does not satisfy you. Hirsch Drug Co., Monessen, Pa.

WHAT TAFT HAS DONE

What has the President of the United States accomplished in the interests of his people which would entitle him to serve a second term? What has he done to better living conditions, to improve business, to foster industry and encourage agriculture? What, in short, is his record in office. The record of some of his accomplishments is given below.

The Taft Record

President Taft's record is glorious in achievement

He has created a Tariff board on a scientific basis for the purpose of taking this important business question out of politics. It is the first time in the history of the country that efficient means of arriving at an intelligent revision of the tariff schedules has been adpoted.

He has been instrumental in creating an act concerning the liability of railroads to their employes, and the law requiring railroads to pay injury and death benefits to their employes and their families.

He has created a Bureau of Mines for the safe guarding of the lives of miners and the prevention of accidents in mines.

He is responsible for the legislation providing for the extension of safety appliances and the requirement of boiler inspection on railroads.

He has created a commission to examine into the industrial conditions and suggest remedies for existing grievances.

He established the postal savings banks and has constantly urged the establishment of the parcels post.

He has stood for the independence and integrity of the courts and at the same time he has advocated reforms and improvements in their procedure.

He has condemned the judicial recall either of the judges or of their decisions.

He has enforced the laws impartially against the rich as well as the poor.

He has administered the government with such economy and efficiency that the annual incomes have been increased and a surplus of thirty million dollars established.

Ask yourself if this is not a record to be proud of, one which you can subscribe to and which gives the President every right to expect you to do your part to continue him in office for another four years.

Join the Taft Club

The Taft Club of Pittsburgh, a powerful organization of several thousand men of all occupations, urges you to go into your primaries next Saturday and *for your own good and the material welfare of your family, your community and your nation*, vote for those delegates from your congressional district to the National Republican Convention, and for those delegates from your Legislative District to the State Convention who are pledged to the support of President Taft.

Pick out the Taft delegates and vote for them.

If you want to join our club, write to Secretary Taft Club of Pittsburgh, and say "Please enroll and publish my name as a vice president of the Taft Club of Pittsburgh." There are no dues Give your name, your occupation and your mailing address and add a few words of opinion.

Very truly yours,

TAFT INSISTS ON AID TO FARMERS

Says Department of Agriculture Work Must Go On.

LABORS FOR CONSERVATION.

Farreaching Legislation Administered by Scientists of Rank Brings Good Results to Tillers of Soil—Food and Drugs Act Upheld to the Letter.

In his inaugural address President Taft called attention to the deficit then existing in the revenues and the consequent necessity for rigid economy in expenditures. However, the president singled out the department of agriculture as an exception. He said, to quote his exact words, "In the department of agriculture the use of scientific experiments on a large scale, and the spread of information derived from them for the improvement of general agriculture must go on." This view the president has steadily maintained, and repeatedly has urged appropriations for the work of the department.

In his comprehensive message on conservation President Taft said, "The feature that transcends all others, including woods, waters, minerals, is the soil of the country," and that all means at the government's disposal should be used to conserve the soils, adding, "a work of the utmost importance to inform and instruct the public on this chief branch of the conservation of our resources is being carried on successfully in the department of agriculture."

Reports made recently to Secretary Wilson of the department of agriculture by the heads of his bureaus justify this solicitude on the part of the president for the department. In calling for these reports the secretary asked that they be brief and that they mention notable achievements of the last five years only, inasmuch as that period is really the period of fruition in the department, the period during which, owing to the broad foundations previously laid by the training and grouping of many corps of scientific men, by securing farreaching legislation, by gathering together masses of statistics and other information, by providing scientific and other equipment, it has been possible to produce most marvelous results for the common good of the people.

Taft For Conservation.

In his conservation message President Taft emphasized the importance of the maintenance of the forests and urged their scientific treatment "so that they shall be made to yield a large return in timber without really reducing the supply," and in other messages he pointed out the necessity of reforestation. In accordance with these views much available work has been done in protecting the national forests and by researches in the laboratory of the department at Madison, Wis., and in the past five years the work of reforesting burned over areas has proceeded at the rate of 15,000 to 30,000 acres a year. The department takes justifiable pride in its forest work, considering the administration of 100,000,000 acres of land protected and managed for the public benefit a great achievement.

Since Jan. 1, 1907, when the food and drugs act went into effect, more has been done to provide a good, clean food supply than in all the preceding life of the nation. A wonderful change has also been effected in the character of the drugs on sale. The department has a trained force of inspectors and chemists doing excellent work in all parts of the country in behalf of pure foods and pure drugs. This salutary law, however, needs amendment, as the supreme court held in May, 1911, that its provisions, to quote President Taft's words in his vigorous message to congress a month later, "Do not cover the knowingly false labeling of nostrums as to curative effect." The president added: "An evil which menaces the general health of the people strikes at the life of the nation. In my opinion the sale of dangerously adulterated drugs * * * constitutes such an evil and warrants me in calling the matter to the attention of the congress."

Work of Soil Mapping.

Of importance to the farmer has been the work carried on in the past five years of soil mapping and classification, so that now the area included is 407,000 square miles, or nearly 41,000,000 acres. The value of this work is incalculable.

Disseminating the valuable information acquired by the department has proved a wonderful work. Practically 200,000,000 publications have been distributed since Secretary Wilson assumed control of the department, and more than half (103,598,100) of that number have been distributed within the past five years.

Other work accomplished by the department includes a comprehensive system of weather warnings and forecasts, the meat inspection service in which 2,500 experts are employed, who see that every pound of meat sent in terstate is fit for human food, protection of live stock, the checking of rodent pests, the destruction of noxious insects, the conservation of water supplies, the building and care of public roads and the policy for better farmhouses, so that every dollar expended in the prosecution of this work in its numerous phases has brought back a hundred fold to the people.

THE TRUE TEST

Tried in Monessen, It Has Stood the Test

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Monessen-Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. Feightner, 133 Oneida street, Monessen, Pa., says: "I suffered from severe pains in my back and left side and it seemed as if there were no relief for me. I had dizzy spells and my appetite was poor. Seeing Doan's Kidney Pills advertised, I obtained a box, although I had but little hope of their curing me. I am now glad that I took this remedy, however, for it improved my condition in every way." (Statement given Oct. 2, 1907.)

RE-ENDORSEMENT.

When Mrs. Feightner was interviewed on Nov. 9, 1909 she said: "I gladly re-endorse Doan's Kidney Pills. I still think highly of them and advise their use in all cases of kidney trouble."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

But, when the hair roots retain any life, we believe there is nothing that will so surely promote hair growth as Rexall "93" Hair Tonic. To prove that statement, we promise to promptly return all the money you pay us for Rexall "93" Hair Tonic, should it not please you.

Rexall "93" Hair Tonic destroys the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and, by promoting circulation, nourishing them.

Rexall "93" Hair Tonic helps to relieve scalp irritation, to remove dandruff, to prevent the hair from falling out, and to promote an increased growth of hair. It comes in two sizes, prices 50 cents and $1.00. Remember, you can obtain it only at our store—The Rexall Store. Craig's Drug store

Card of Thanks

To those who tendered many kindnesses during the illness and death of our wife, and in our hours of bereavement, we wish to extend our most sincere and heartfelt thanks and express our appreciation therefor. Particularly do we wish to express our thanks to Mr. and Mrs. Chas. Johnston, Mr. and Mrs. Wm. E. Crowe, Mr. and Mrs. Nick Stoll, Mr. and Mrs. Alex Coen, and all neighbors and friends. Particularly to we express our appreciation to Mrs. Carl Bolig whose singing at the services were appreciated. The Order of Moose and Owls were very kind, and their kindness is not overlooked.

Very Respectfully,
Wm. J. Martin.

Among the Theatres

OLYMPIC

At the Olympic theatre, Nortine Carmen and her minstrel boys, Strickling's dog, pony and monkey circus, Derda, the novelty juggler and Leo and Earl, comedy duo are the attractions tonight and Saturday, in addition to the regular line of high class moving pictures. It is the best bill we've yet had, and none should miss it. For Monday, a great picture, "The Burial of a Man" should not be missed. It

ELECTRIC DISPLAY WILL END ON SATURDAY NIGHT

The electric show at Charleroi, being maintained all week by the West Penn Electric Co., will close Saturday. Hundreds of Monessen people have visited the display and all say it is the finest of it's kind ever seen along the valley outside Pittsburgh. Electricity and electric appliances are featured by the leading dealers of this locality and each have some special work along their line. The feature of the whole show is the little coal mine and coke plant in full operation. Better see it before it closes.

When your doctor sees Kirk's label on your prescription he will be satisfied.

Another Lively Duckpin Game

A large crowd was present at the Arcade Bowling alleys last evening and for the second time within a week witnessed the downfall of the Belle Vernon duck pin team by a total score of 120 pins. On Wednesday evening the locals were defeated at Belle Vernon but last night's games were the fifth series and the locals coming out on top three out of the five show them to be ahead in the final count. Good steady rolling on the part of both teams featured the contest and some very good scores were rolled by the members of both teams.

AT THE STAR

Leerart and Louie at the Star theatre last night were pronounced the best ever in the house in their novelty act, showing somethings new and seeming impossible along the line of muscular and strong arm work. Defur and Estes in a decidedly neat singing, talking and dancing duo were favorites among the musically inclined, producing very pretty effect in the spot ligh. Maude Parker and Co., in "A Wild Rose," a little domestic sketch are good actors and at the crucial moment brought down the house. Will be here until Saturday night.

RECOMMEND PAPER MONEY TO BE UNIFORM IN SIZE

Washington, April 12—Secretary of the Treasury MacVeagh, will soon recommend to Congress that the paper money of the United States be substantially reduced in size and every denomination made uniform in design. It is contemplated to make all notes 6 by 21 1-2 inches, a reduction of one third in size, the present dimensions being 7.28 by 3.04 inches.

The proposed plan would reduce the number of designs for United State notes and silver certificates that the changes would result in a saving of more than $600,000 annually.

The secretary of the treasury could make the innovation with respect to the United States notes and certificates without the consent of Congress, but it requires legislative authority to change the design of the National bank notes. A uniform National bank note instead of the multiplicity of designs now in use by the 7,000 banks will be proposed.

Have You Spring Plowing?
